## TCCRI ENERGY AND INFRASTRUCTURE POLICY SUMMIT – NEW TECHNOLOGIES AND A CLEANER ENVIRONMENT

— FEATURING —

**REPRESENTATIVE DREW DARBY AND  
REPRESENTATIVE DENNIS PAUL**

TCCRI will host an Energy and Infrastructure Policy Summit in Austin featuring Representative Dennis Paul and other key legislators. The event will feature two panel discussions, the first of which will be focused on Texas' approach to recycling products, ranging from aluminum cans to plastic containers and glass, and how the state can become an economic hub for recycling these critical resources. The second panel will be focused on new energy technologies, such as hydrogen and carbon capture, and will delve into how these technologies can be used and what regulatory steps the state needs to take to ensure that Texas remains a leader in these energy technologies. Elected officials will be joined by private sector experts and stakeholders during both panel discussions.
